Professional Summary

Aspiring Data Analyst skilled in Python, SQL, Microsoft Excel, and Power BI, with experience in data preparation, exploratory analysis, visualization, and business reporting. Familiar with MySQL, Pandas, NumPy, and machine learning techniques for extracting actionable patterns from structured datasets.

Internship Experience

Primeor Solutions – Data Analyst Intern **2026**
Excel, MySQL, Power BI

- Completed a one-month Data Analytics internship focused on data preparation, reporting, visualization, and business analysis.
- Used Excel for data cleaning and MySQL for querying structured datasets and deriving business metrics.
- Developed Power BI dashboards to present performance trends and support data-driven decision-making.

Projects

E-Commerce Data Analytics & Business Insights **2026**
Microsoft Excel, MySQL, Power BI

- Examined 51,271 records across sales, profit, customers, products, regions, markets, and shipping.
- Prepared the dataset in Excel and used MySQL queries to calculate business metrics and identify performance patterns.
- Created an interactive Power BI dashboard covering KPIs, regional performance, category profitability, customers, products, and shipping modes.

Customer Behaviour Analysis **2026**
Python, SQL, Power BI

- Processed customer data with Python and SQL to examine purchasing patterns, preferences, and customer segments.
- Designed Power BI reports to visualize customer trends and business performance.

AI Powered Desktop Assistant **2026 – Present**
Python, Machine Learning, NLP, Speech Recognition

- Developing a voice-enabled desktop assistant using machine learning and natural language processing.
- Built automation for application launching, file management, reminders, information retrieval, and system tasks.

Education

Bachelor of Engineering **2023 – 2027**
MVJ College of Engineering – Computer Science & Engineering (Data Science) Bengaluru, Karnataka
CGPA: 8.71

Pre-University (12th) **2023**
Percentage: 96%

Secondary School (10th) **2021**
Percentage: 98%

Technical Skills

Programming: Python, SQL
Data Analytics: Microsoft Excel, Power BI, Pandas, NumPy, Data Cleaning, EDA, Data Visualization
Machine Learning: TF-IDF, Logistic Regression
Databases: MySQL, NoSQL
Tools: Git, GitHub, VS Code, Jupyter Notebook
Concepts: ETL, Machine Learning, Exploratory Data Analysis, Business Intelligence

Certifications

- Python Programming Bootcamp – Udemy
- Oracle SQL Database Certification – Oracle Dev Gym
- Deloitte Australia Data Analytics Virtual Internship – Forage
- Microsoft Excel Certificate – SimpliLearn
